Claim Late Payment Interest, Compensation & Reasonable Costs

Did you know, under UK law, you can claim interest, compensation & reasonable costs for late payments?

We always strive to recover late payment interest, compensation and debt recovery costs on your behalf and we have a **94% success rate recovering these extra costs** on top of your overdue invoice amount.

The amount of interest you can charge is 8% plus the Bank of England base rate which currently sits at 4%, therefore, the **late payment interest you can charge is 12%**.

For example if you have a **£10,000 invoice overdue by 90 days** you could charge late payment interest of **£295.90**, as well as compensation per invoice.

(£3.28767 daily interest multiplied by 90).

*International debts require a £250 up front non-refundable retainer.
